$\underline{\text{UNIV-1100 SMS} - \text{First Year Seminar: Scientific Computing Learning Community}}$

$\underline{\mathrm{Fall}\ 2012}$

$\underline{\text{Worksheet } 3}$

• Free and open source software (FOSS) vs. proprie	etary software.
• Free speach vs. free beer.	
\bullet What are the major operating systems in use to d	ay? (Are they open source, or proprietary?)
• Virtualization and virtual machines.
